

BUDS SUSTAINABILITY FACTS

No one likes a hypocrite! So we wanted to make sure what we put out sets the best standard in recyclable and reusable standards.

But carbon is impossible to avoid so we have also made sure we have offset the weight of this send out 200%.

We hope to start a movement where we can enjoy the best our planet has to offer as long as we keep taking less and giving more.

HOW TO RECYCLE

Peel off labels, check it before you chuck it: check packaging for the Australasian Recycling Label. It tells you which bit goes in which bin. Put it in loose: keep recyclables out of bags otherwise they won't be sorted correctly and will end up in landfill. Accepted items include: paper and cardboard, metal cans, glass jars and bottles, plastic containers and fresh beverage cartons.
